Weather Probabilities.

For this section fair tonight and Tnursday, cooler tonight; light to fresh northerly winds, A REMINISCENCE.

Today is the 38th anniversary of the formation of the present police force of Alexandris. On the 15th day of July, 1870, at 2 o'clock p. m. the members of 1870, at 2 o'clock p. m. the members of the force which had been elected by the City Council appeared on the porch of the old Market building and were sworn in by Justice William H. May, Mayor Latham refusing to have anything to do with the procedure, as he had taken is-sue with Council on certain details in connection with the formation of the force. An embrarilo between the mayor force. An embroglio between the mayor and Council followed, and the former appointed other policemen and held those in contempt who had been selected by Council. James F. Webster had been elected chief and the late John L. Smith lieutenant. They persisted in perform-ing their duty and were taken in custody by City Sergeant James M. Steuart and sent to jail by order of the mayor, but were released on a writ of habeas corpus. Council had in the meantime elected a police board of their own members but, Judge Keith, circuit judge at the time, decided that their action was illegal, and Council subsequently appointed a committee on police. Later the men ap-pointed policemen by the mayor gave place to those selected by the Council, and the dual police force ceased to exist.

Governor Guild this morning. They report a pleasant trip. was the only absentee.

PLEASANT ENTERTAINMENT.

A musical and literary entertainment was held in the Methodist Church at Woodbridge, Prince William county, last Monday night, which was attended by a large concourse of people of all denominations. Refreshments were served during the evening and \$80 was realized. While every number of the programme was interesting and greatly enjoyed, the feature of the evening was a humorous talk by Mr. R. P. W. Garnett, of this city, who was introduced as the Polk Miller of the occasion. Mr. Garnett painted country school house scenes and told amusing anecdotes in his inimitable manner and was encored three times.
The committee left nothing undone which could have added to the enjoyment

It is stated that the county authorities have information that Mc-Knight is heading toward Leesburg, where his wife lives, and the Loudoun county officials have been asked to make an effort to apprehend him. THE FIRE ENGINES.

To the Editor of the Alexandria Gazette: Replying to the communication in your paper of yesterday signed "H," I wish to state, for the benefit of the writer, that the reserve engine was in service at the Columbia engine house, with men, ready to respond to an alarm of fire on the night of the T. F. Burroughs, Son & Co. fire, and there was not sufficient water supply at the Burroughs fire for two engines on account of the small mains, so if the other engine had been ordered out there and put at anothe plug the other two engines would have been unable to get any water. If the writer would take time to think, T. F. Burroughs, Son & Co's, store and mill are in the county, and I know that the mayor, chief or fire wardens would the county and leave the city unpro-
